

SpankMe in Atlanta

Our SpankMe in Atlanta Evening

We enjoy our lifestyle, private as it is, and we have searched for a place to call our place of play away from home. We found it at 1763!

First visit to any club other than my younger years of dancing with friends.....

Older now, new adventure with my partner as we explore this "club."

I was so scared I would feel uncomfortable with myself, or the lighting, or even the people I see may make me feel uncomfortable...

Was I ever wrong!

To start, the professionalism was great. Everyone was kind and very helpful. We were very excited and comfortable from the minute we stepped in.

Management was the key to the entire experience. We felt at home. Older now, I'm not a small thing and I was not at all self conscious. The dungeon monitors I thank; their presence and assistance gave me such a sense of safety.

SpankMe in Atlanta was well up to our expectations, it was what we looked forward to and was not disappointed.

Bystanders, other visitors, were all polite and respectful to others while in their scenes. It seemed each respected ours and it was easy to do the same.

The spacious rooms made curiosity and comfort easy to move about without interrupting others at play.

We will be back and recommend anyone looking for the freedom of play with the comfort of a safe, clean, and exciting atmosphere to give 1763 a try.
